

Large Bore Pipe Plant

Can produce Long Weld Pipe up to 6 meters long

To any International specification

Sasol approved manufacturer

12inch- 80 inches in diameter

(300mm-2 meters)

All schedules

Wall thickness 4.5mm up to 16mm

Dual welding procedure

Fusion or filler metal welding process

In house Hydro Static Testing equipment

In house pickling and Passivating

In house X Ray facilities

Quick deliveries 7 To 10 Days

manufacturing time

Machine: Davy Pramou

Welding : Automated welding equipment

by Lincoln

Diameter and wall thickness capabilities :

300mm 4.5mm up to 6mm thick
(potentially 8mm)

350mm 4.5mm up to 10mm

400mm 4.5mm up to 12mm

500mm 4.5mm up to 12.7mm

600mm- 2000meters 3mm up to 16mm

Larger than 80 inches subject to plate
input
